The Lankershim Laconic says there is a rumor to the effect that the Chatsworth branch of the Southern Pacific is soon to be electrified and connected up with the Burbank line and run as a valley loop.

Irving H. Oliver finds time between his aldermanic duties, attending to his prize winning Airdales, and making a living, to sell between $350 and $400 worth of eggs and poultry each month, and still he is not very busy.

THREE FACTORIES IN ONE

A Big Institution that Makes no Blow

A BUSY CONCERN

That is Shipping from Tropico its Products to all Parts of the World---Hard Work has Won---Capable Men at the Head

Few people living even in Tropico realize the magnitude and scope of one of its industrial concerns that by hard work and good hustling capabilities is building up a business, the ramifications of which covers not only our own country but reaches into foreign lands as well. A concern that not only buys and sells by car lots, but by ship and trainloads; a concern that requires about a car load of fuel oil, fed to its oil burning engines and kilns by compressed air, every working day to run its ponderous machinery; a concern that needs between 260 and 300 tons of material for each month the plant runs, and a concern that is aiding materially the upbuilding and prosperity of Tropico. A few men, energetic, practicable and capable, about a year and a half ago took over a plant that in the language of the street, was a "joke" in manufacturing circles, and by hard work and good business ability have converted it into a prosperous, progressive institution that now employs on an average about 118 people, all of whom, with the exception of seven, live in San Fernando Valley, and practically all obtain their supplies in Tropico.

Chas. P. Findley, general superintendent of the Independent Sewer Pipe Company, was a busy man when a representative of the Sentinel called on him Monday, yet he courteously took time to show him through the plant.

And while it is doubtful if Mr. Findley could very often afford to give the same amount of time to other "sight seers," yet if you could prevail upon him to take you through you will have the privilege of inspecting a very complete plant of its kind and one equipped with all the modern appliances and machinery for the successful and economical handling of its products.

It might be said, in all truthfulness and the Independent Sewer Pipe Co., is three concerns in one. It is a manufacturer of sewer pipe in all sizes from 3 to 24 inches, with a daily capacity of about 5280 feet a day. It is a terra cotta factory and now has on its books one of the largest contracts for terra cotta ever placed in California. All the terra cotta being used on the Merchants National Bank Building, Los Angeles, is being furnished by this concern. The company also has big contracts for sewer pipe with Bakersfield and Hollywood people at this time.

In addition to the sewer pipe business the company owns ten of the largest talc mines in the world. And this talc is shipped in car load lots from these mines in Death's Valley to the plant in Tropico. After being ground to the finest consistency possible the powder is then "air floated."

This makes the very popular powder of commerce which we are in the habit of buying in tin cans with a lithographed picture on and paying 25 cents a can for. In addition to entering into toilet articles the talcum powder is used quite extensively in the manufacture of the finer grades of paper and the Independene Sewer Pipe Co. ship it to the Washington paper mills by the ship load. The powder is also coming into quite general use for automobile tires being used to prevent the inner tube from sticking to the outer rim.

The company now has a ship load of glazing material entransit from European markets, and employs a special designer or modelor for its terra cotta department which enables it to execute special orders on short notice.

The plant has 20 kilns of a capacity of from 28 to 37 feet and have two additional under construction.

Two 250 h. p. engines furnish electric power for the talcum and terra cotta plants while the sewer pipe department is run with steam power, furnished by a 250 h. p. boiler.

The material for the pipe is received from Elsinore, Lincoln and Ione, and is unloaded from the cars into grinders, which pulverize it into the proper fineness. The material is carried from grinder to grinder by automatic conveyors and is never touched by hands until the finished pipe comes from the "plunger" that shapes and "hollows" the pipe.

The company is a close corporation, with M. W. Findley, president, M. A. Murphy, secretary, L. Lindsey, vice president, and Chas. P. Findley, general superintendent.

The company also has a glazed brick plant and turns out about 150,000 a month.

The company maintains offices at 235 South Los Angeles street, Los Angeles, to facilitate it in handling its rapidly increasing business.

W. C. T. U. COUNTY CONVENTION.

The Twenty-eighth annual convention of the Woman's Christian Temperance Union of Los Angeles County will be held in the Glendale Presbyterian church on Wednesday, Thursday and Friday of this week. The members of the San Fernando valley section of the W. T. U. will be hosts of the convention, and it is expected that the visitors will number several hundred. As far as possible these guests will be accommodated at the private homes of the members of the churches of this valley, and for those who cannot be taken care of in this manner preparations will be made at the various hotels.

Mrs. Hattie C. Gaylord, president of the Glendale Union, is overseeing the reparations being made to care for the visitors, and she will be assisted in this work by the local organizations and a number of the social clubs of the city of Glendale. From the moment the convention opens at 10:00 o'clock Wednesday morning there will be something doing every minute until the close of the last meeting. The program starts out with a rush and finishes up with a grand hurrah.

The county officers of the W. C. T. U. are, president, Mrs. Julia D. Phelps; vice president, Mrs. Hattie C. Young; corresponding secretary, Mrs. Frances W. Davenport;; recording secretary, Mrs. Laura T. Carter; assistant corresponding secretary, Mrs. Ida M. Child; treasurer, Miss Mary E. Steward.

On Thursday afternoon from 4:30 until 5:30 the Glendale Tuesday Afternoon Club will entertain with a reception and tea in honor of the delegates, and at 4:30 o'clock Friday afternoon the guests will be given automobile rides throughout the city.

Members in charge of this Thursday afternoon tea are Mrs. H. H. Martin, Mrs. W. W. McElroy and Mrs. A. R. Taylor. The various committees will consist of the following ladies:

Hospitality—Mrs. C. C. Butterfield, Mrs. H. E. Colvin, Mrs. O. F. Palmer, Mrs. P. A. C. Moore, Mrs. W. F. Wood, Mrs. Mary Anderson, Mrs. D. J. Robenstine, Mrs. Lela D. Graham and Mrs. Freeman F. Kelley.

Rest Room—Mrs. Frank Farrand.

Banners—Mrs. C. O. Pulliam, Mrs. Alice R. Ayers.

Check Room—Mrs. A. S. Goff.

Registration—Mrs. Dunham.

Bulletin, Mrs. William Reynolds; music, Dr. Jessie A. Russell; information, Mrs. George Lemon; meals, Mrs. J. E. Pettit, Mrs. Louise Morton and Mrs. Emma Wright; courtesy, Mrs. Robbins; ushers, Mrs. W. E. Hartley; decorations, Mrs. Kate Evans; auto ride, Mrs. L. W. Sinclair, Mrs. Edgar Leavitt, Mrs. E. D. Potter, Mrs. Mary E. Overton and Dr. Jessie A. Russell.

Mrs. W. G. Young and child of Alameda is enjoying a visit of two weeks with Mrs. J. Herbert Smith on Central avenue.

SOMETHING DOING

In the Building Line in Tropico and Vicinity

SONG OF PROGRESS

Is Truly Sung by the Sound of the Saw and Hammer these Balmy Days---Fine Buildings Going up in all parts of the City

The building activity shows no abatement. On every hand is heard the hum of busy workmen erecting home like, attractive residences and substantial business blocks. The Pacific Home Builders have about 20 homes under constuction at this time. Lelgh Bancroft has a number under way and many individuals are building handsome sructures, both residence and business. Among the recent additions are;

BEAUTIFUL RESIDENCE FOR TROPICO.

Mrs. O. M. Carpenter is just completing the work of overseeing the construction of one of the most beautiful homes of this place. Although not the most expensive of the local residences it is one of those structures that is just a "little different." Possibly the reason for this "difference" is that the home, in addition to being constructed under the personal supervision of Mrs. Carpenter, was also planned by this capable lady. One after another each little detail of the home grew under her skillful pen. Like other things, this home was not planned nor built in a day, but now that we behold the result of the weeks and months of labor, we can truthfully say that this is one of the prettiest and most sensible homes in our city.

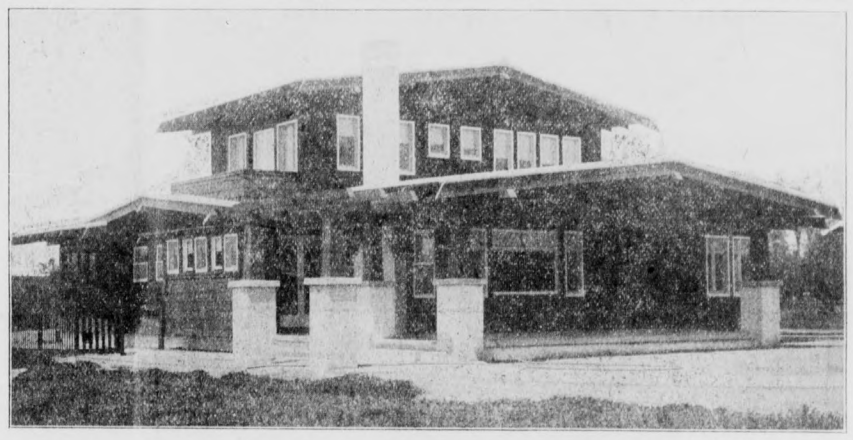
This new home is being completed at a cost of about $4000. It is located on Central avenue, just north of Cypress street. There are nine beautiful rooms. These are large, airy and have an abundance of light. In fact this "lighting" feature is one of which Mrs. Carpenter is most enthusiastic. An idea in this direction may be gained when it is understood that there are sixty-one shades in the home. The residence was built by day work, M. F. Martin, being the foreman.

On the main floor there are two bed rooms, 12x14 feet; living room, 14x20 feet; dining room, 14x16 feet; music room, 11x14 feet; combination breakfast and sewing room, 9x12 feet; cabinet kitchen, 11x14 feet, and a bath room with built-in cabinet features, 9x11 feet. Upstairs there are two large rooms, these being 10x18 and 13x20 feet, respectively. These rooms are so arranged that they may be used as open air screen rooms in the summer and glass-surrounded sun parlors during the winter months. This is one of the many admirable features of the home.

Throughout the home the woodwork is done in golden oak with flat finish. In the living, dining, breakfast and music rooms the walls are covered with imported paper, while all of the ceilings of the home and the walls of the remaining rooms are finished rough and tinted. The breakfast room presents an unusually pleasing effect, being finished in a Dutch design of paper and decorated and equipped with electric and other fixtures carried out on the Dutch line. In the living room is a large cream pressed brick mantle and fireplace which blends nicely with the finish of the wookwork and the paper and tinting of the room. The home is equipped throughout with hardwood floors.

The residence is furnace heated being located in a cement lined and floored cellar. There is a Pittsburg instantaneous heater, this being the most modern heater of this kind manufactured. Extending across the entire front of the house is a twelve-foot cement porch. The home has plastered chimney and piers, and has a concrete foundation. A garage, carried out on the same lines of the home, is already in place, and the cement work surrounding the house and lawns are also completed.

Mrs. Carpenter is indeed to be congratulated on possessing the capabilities of the erection of such an elaborate and useful home. It is the builder's intention to take possession of the home in about two weeks.



The beautiful home of Mrs. O. M. Carpenter, just being completed. A sample of the class of homes going up in Tropico.

HENRY BLOCK NEARING COMPLETION.

A valuable addition to the business section of this city is the brick store building that is just being completed at the corner of Park avenue and Brand boulevard by C. H. Henry of Park avenue. This building is a two-story structure and is costing about $8,000. There are two storerooms on the main floor, each of them being 25x100 feet. These rooms have already been rented. The room on the corner will be occupied by the Robinson Bros., grocers, who are now in the frame building on the opposite side of the road from the new block, while the northern room has been rented by the Dutton Sisters and Mrs. Miser of Los Angeles, who will, about the first of the month, open a first class millinery, dry goods and ladies' tailoring establishment. On the second floor are two housekeeping apartments of five rooms each.

The storerooms have cement floors, tinted walls and ceilings and have large plate glass windows. The apartments are finished in golden oak. In each apartment there is a large living room with a disappearing bed and built-in bookcase. While in the dining room, which is wainscoated, there is a built-in buffet of modern design. These rooms will be tinted to harmonize with the finish of the woodwork. The cabinet kitchen is tinted a light blue. There is an abundance of cupboards and shelving, and this room has a woodstone drain board. Behind the kitchen there is a large bed room and a bathroom with all the modern fixtures. Taken altogether these apartments are unusually well arranged. The rooms are large, airy and have an abundance of light. A hallway separates the two suites and at the rear of the building on the second floor there is a balcony which may be used by the occupants of either apartment. One feature worthy of mention about this building is that it has its own fire extinguishing system. A two-inch water pipe reaches up to the second floor and a hose will be placed convenient to all sections of the building.

The size of the entire building is 50x100 feet. The front of the building is finished in cream pressed brick, while the side of the structure has a finish of buff plaster. Before a great while Park avenue and Brand boulevard will be a busy corner and much may be expected from that section.

C. H. Henry of Park avenue, just east of Brand boulevard, has disposed of his home to Mr. Nathen of Los Angeles, who will take possession of the property sometime during the latter part of this week. It is understood the sale price was $4500. From their present home Mr. Henry and family will move into one of the apartments in their new block which is now being finished, at the corner of Park and Brand.

THE TRUSTEE'S MEETING

Rushing Preliminary Work on Opening

BRAND BOULEVARD

Forest Lawn Cemetery People Want to put Down About Five Hundred Feet of Sidewalk at Own Expense

The regular grind of governmental duties occupied the attention of the Trustees last Thursday evening, but nothing of any special importance was transacted.

Considerable time was taken up in discussing the work to be done in opening Brand boulevard. The case came on to be heard last Monday and the Superior Court accepted the referee's findings and an interlocutory degree will be issued as soon as the necessary papers can be prepared.

No contest was filed as to the findings of the referees and it is not thought that any contest will be made to the assessment to be made, as every effort will be made to make such assessment equitable and all interests will be treated justly.

The superintendent of streets, whose duty it is to make the calculations has been at work for some time making his preliminary estimates and as soon as the final degree is entered in the Superior Court he will being active work and rush his part of the work as much as possible.

The following accounts were audited, ordered paid and the City Clerk instructed to issue warrants for same:

Valley Printing Co., printing	$ 15.00
T. E. McClemmy, teaming	10.00
W. M. Tatum, labor	5.00
S. M. Street, reiund of money job printing for election on Fire Protection Bonds	7.50
T. B. Jones, street work	60.00
Sentinel, advertising	9.31
L. A. Rubber Co., fire hose	297.50
Sentinel, advertising	10.20
M. A. Bohaman, typewriting	8.00
W. M. Tatum, labor	5.00
W. A. Rhodes, labor	27.50

Application was made by the M. E. Church to erect a tent on Lot No. 7 in the Collins tract to be used for a place of worship while their new building is under course of construction and the same was granted.

Complaint having been made that the present grade on Park avenue, if carried out, will cause a big and dangerous "hole" at the crossing of San Fernando road. The committee on Public Works was instructed to investigate at once and to report what was needed to remedy the trouble.

Mr. Norton Wells, president of the Forest Lawn Cemetery appeared and presented a petition from that company asking permission to construct, by private contract, a concrete curb and five foot sidewalk along the property line in front of the Forest Lawn Cemetery on Glendale avenue, the same to be put in in accordance with the city's specifications and under the supervision of the superintendent of streets.

A city ordinance providing that all such applications shall be made on a specified form. Mr. Wells was given a blank and he is to fill same out and file with the City Clerk, accompanied with the necessary fee as provided in such cases.

A communication was received from Mr. N. C. Burch wanting to know what steps the Board was taking at this time, if any, to secure a lower water rate from the water company, but it was thought by the Board that the most vital question at this time was not so much the obtaining of lower rates as it was to secure an adequate supply as it looked at this time that the city would be confronted with a grave problem this summer in regard to its water supply.

Mrs. C. C. Stanley of Beverly Hills left on the Salt Lake for Denver last Sunday afternoon, to be present as the guest of honor at the wedding of her sister, Miss Catherine Wagner, on Wednesday of this week. Mrs. Stanley and Miss Wagner are granddaughters of Mr. and Mrs. N. C. Burch of Tropico.

THE TROPICO INTER-URBAN SENTINEL

HARRY L. EDWARDS ..... Editor

"Entered as second-class matter, August 10, 1911, at the postoffice at Tropico, Cal. (Tropico Branch Los Angeles, Cal., Postoffice), under the act of Congress of March 3, 1879."

OFFICIAL PAPER OF THE CITY.

SUBSCRIPTION

One Year $1.00

Contributions from readers are always welcome and very much appreciated.

Don't forget the fly is a nuisance, and the best way to get rid of him is not to let him get a start.

Editors deserve more and receive less than the members of any other learned profession. They make men famous, they elect governors, they nominate presidents, but in the distribution of honors, they are usually overlooked or forgotten. Perhaps this is because of their unselfishness.

I sure would hate to be a street car man. Practically every paper published in Los Angeles county is "damning" the street car company and "demanding" better service. An editior gets enough "cussings" but he's not in a class with the street car people.

Ex-President Taft, in a recent address, made the statement that the courts as administered at this time, were in many instances a disgrace. That is one time our good-natured ex-president uttered a truth. The courts have become almost farces—run and maintained as a means of livelihood for lazy, parasitical crooks calling themselves lawyers. The reputable, honorable lawyers should purge their profession of all such cattle. There is no more honorable profession in the world than that of the law, and none that has given the country more honorable, capable men, but the profession is fast falling into disrepute due solely to the acts and conduct of too many of its own members

The entire United States extend their sympathy to the flood sufferers of the Dayton disaster and the Mississippi Valley. Is it possible that such a catastrophe as this is unavoidable, or is it lack of foresight in the general protection of the Mississippi lowlands that is causing a yearly recurrence of death, poverty and destruction along the course of our Father of Waters? Leveeing may protect temporarily but dredging is the only solution of the great drainage problem combined with a lateral system of canals that will distribute great flood waters over greater water channel areas. It is to be hoped that the National Drainage Congress can secure a solution to the grave problem.

THE INEVITABLE.

The era of co-operation is at hand. Nothing else will save mankind from the selfishness, immorality and the extent of misery it suffers from. Nothing else will prevent a repetition of the decline and fall of nations, of which history is full. Let us blindly close our eyes to the facts as we will, it is nevertheless true that only by the sort of equal opportunity and equality and social and business education and making over which co-operation affords can the foundation be laid for an understanding of practical equality and the possibility of democracy in all the joint affairs of human life. The co-operative system is not created but built up. It is economical and it increases production, because each is distinctly interested. It makes equality of incomes and living conditions in proportion to the industry and intelligence of each in doing his trading under equal conditions.

Trusts, syndicates and combines have set the example of the efficiency and economy of co-operation, but have selfishly converted to their own use all its benefits. Competition can no longer be considered the life of trade. On the contrary, co-operation is not only the life of trade, but it is the very life of national existence itself, but it must be unselfish, equitable co-operation. Are the people ready to assume their proper share of responsibility in this great making over of our economic system and national life, or must we have another century of concentration of wealth in the hands of a few, unless perchance a greater calamity shall sooner overtake us?

FORGET IT.

The Sentinel has received a letter from a friend living in the eastern portion of the city taking it to task for ignoring "East Tropico," and making the statement that but one mention of the Henry Block had ever been made in the Sentinel, and that this mention "was so misleading it was disgusting."

I am glad that this letter was received for it gives me an opportunity of expressing myself on this subject of "East Side" and "West Side." And in doing so I shall be plain, frank and candid..

To me this question of East Side and West Side is actually silly. It reminds me of a place in Georgia I once knew of.

Whenever a stranger would go to this place he would be asked, "are you for or against?"

Naturally the stranger would ask, "For what or against what?"

"We dunno," he would be answered, "but if you want to be with the respectable people and stand for prog-gress you must'en have anything to do with that ar' 'against" crowd, they're no good."

In a short time the stranger would meet a member of the "Against" side and again he would be asked are you "For or against?"

Again the stranger would endeavor to find out what he was supposed to be in favor of or against, but all he could get was: "Wall, if you expect to have any standin' in this here community you must'ent associate with or be seen talkin' with those ar' 'For' crowd. They ain't no earthly account, and if you want to be considered respectable you must'ent be seen even on their side of town."

Finally a stranger located in the town who was of a persistent turn of mind and he started out to find the cause or starting point of the "For and Against" feud.

After a diligent search he finally found an old octogenarian, sightless and toothless who said he could remember his grandfather saying that he could just remember when they organized the Hill Crest church that some of the congregation were "for" having an organ in the church while others were "against." This led to a row and split and this row and split had been handed down from generation to generation until even the origin of the division had almost been lost in the musty past.

Now, my friends, to me there is no East Side, no West Side, no North Side and no South Side— its just one beautiful Tropico, peopled with as fine a set of good, whole-souled, generous, neighborly men and women as you will find on earth, and I can in all sincerity promise you that so long as I am responsible for the policy of the Sentinel that no such localities shall knowingly be recognized either by myself or any one working for me. To me the part of town we live in is very much like what color of clothes we wear. You might prefer a brown suit, I might like a blue. I certainly am not going to fall out with you for wearing brown, and I should think you very foolish to fall out with me for wearing blue.

It does not make an infinitesimal tinkers hallelujah to me where you live; what's the color of your hair; what kind of clothes you wear, or what's your religion, or your politics, or what's the name of your grandmother, or whether you eat bacon for breakfast or chew sawdust. If you are a real man or woman I want to be your friend and I want you to be mine, and I want to do what I can to make your life a happier and fuller one. I want to aid you and your part of town, and if any man, woman or devil tells you the Sentinel is antagonistic, or inimical to, or intentionally neglecting any one or any part of the town tell him he is "pipe dreaming" and for him to wake up.

By actual count the last two issues of the Sentinel has had more articles referring to people living on the east side of Brand boulevard, which I understand is the suppositional dividing line, than to those living on the west side.

The article about the Henry apartments to which reference is made was taken from the public records and the amount given is just as it appeared on such records. Furthermore, complimentary notices of the Henry Block has previously appeared more than once in the Sentinel, and very probably other such articles will appear as it is a creditable building and well deserves favorable mention.

My friends, let us drop all such idea as an East Side, or a West Side. I positively and emphatically refuse to recognize any such localities. I want the Sentinel to represent—first Tropico and then the San Fernando Valley and I want the friendship, co-operation and assistance of every man, woman and child in Tropico and the San Fernando Valley and if any one of you have any legitimate news item, and will let me know about it, your doing so will not only be appreciated, but will insure its publication, in so far as practicable, in the Sentinel. Let us forget all sectional feeling and all work for a better, a nobler and a more beautiful Tropico. I live on the east side, my office is on the west side—I am for **Tropico.**

IN LANDS STRANGE AND FOREIGN.

China Sea,
March 13, 1913.

Dear Sentinel Folks:

Tomorrow we arrive at Hong Kong and the first thing on the program for me is to telephone to Mrs. Johnson's sister (Mrs. Johnson, formerly of Central avenue, Tropico), and the next day will be Sunday so I may have the privilege of attending church on the other side of the world from you but twelve hours earlier than you do.

This evening we had a lovely musical. It was informal and by the talented passengers and the selections were very excellent. The social directors, Mrs. Reed and her assistant, arranged these pleasant evenings for us and there is something different every day. Last night it was a lecture on Manila and the Philippines. You see we leave Hong Kong Tuesday and will be in the Islands on Thursday morning.

Well after debating Miss Barden and I, entirely to our surprise decided to take the Grand Overland trip across India. We thought we would hardly be likely ever to be on hand to take it again, so we had better take the opportunity and see it all now. When you receive this we will be between Calcutta and Bombay. Every one who takes this trip will be the best on the boat for it will be quite a bit of discomfort, so they will have to want the trip for the trip's sake. There are a good many of the Cleveland passengers who are taking the cruise to be doing something, and don't get enthused over things as they should. We have heard many wild stories about Canton and many of the passengers are quite worked up over it. Canton is a walled city and all the foreigners have to be out at sunset when the gates are locked. We passed a lot of Chinese boats this morning and we were told they were pirate boats.

Hong Kong, March 16.

This is our second day here. I haven't received any letters at all, and this is the first port that this has happened. But for all that I have received a telegram from my cousin, Major McCloud, that he would meet me in Manila.

We visited the shops here and I was surprised to find such a difference in Chinese and Japanese art. They are both very different and so beautiful, but I like the Japanese best.

We had a street car ride in the afternoon from two until four. That is something that does not happen much in China, for their streets are so narrow that there isn't room to pass people on the streets in chairs in some places.

Hong Kong is on an island, which is held by the English; and parts of the city are very modern in appearance, with big brick buildings.

The English have imported the Hindoo as policemen, and these tall dark men, with their bright red or yellow or black turbans are very picturesque, and we notice that the Chinese children were afraid of them and get quickly out of the way when they told them to do so.

We do not see near so many children here as in Japan and so few babies. I think the children here are really better looking. Every one wears the trousers, and the only way to tell the women and girls from the men and boys is to look at the hair. No one wears hats in Japan or China except as they have adopted it from the Europeans. Here the men are all minus the queue, and the women and girls have their hair slicked back and in a fancy knot at the back.

I have lots to write about Hong Kong and Canton but will do so between here and Manila, where I expect to receive some mail from home.

My European mail should be sent in care of American Express Co., 5 and 6 Haymarket, London, England.

With love to each,
Eulalia Richardson.

BAR Z DANCE.

The Country Clubhouse on the corner of Brand boulevard and Third street was filled with a merry throng of dancers Friday evening, when the Bar Z gave their dance. In the club rooms pennants and Japanese lanterns were hung, and on the mantel beautiful red and white carnations with a large Bar Z pennant. The music was furnished by Imes' orchestra and which was very good about playing extra encores. Refreshments were served on the front and side porches by the Society Shop, and the brick ice cream having Bar Z's in the center was not only attractive but very appropriate.

Dr. and Mrs. A. O. Conrad of Glendale avenue, passed Saturday and Sunday at Redondo Beach.

PARTY COMPLIMENTARY TO VISITOR.

Mr. and Mrs. Hal. H. Davenport entertained and their home on Glendale avenue Tuesday of this week with an all-day complimentary to their house-guest. Mrs. H. W. Davenport, Mr. Hal Davenport's father, of Culbertson, Neb. The party was indeed an elaborate affair, most of the guests coming from out of town and all being old neighbors of Mr. Davenport in the east. The guests arrived at shortly before noon and an hour or so was passed in conversation and recalling old scenes and places.

At noon an elaborate dinner was served by the hostess. During the afternoon the visitors were given an auto ride through the city and they all seemed pleased with our beautiful section.

Those who enjoyed this really pleasant occasion were Messrs. J. C. Benedict, Hiram Benedict, George McKee and George Banks of Los Angeles; Charles Gessleman of Hines, California; Frank Eledge of Irwindale, and Robert Bush of Whittier; Mr. and Mrs. Richard Whitney and Mr. and Mrs. G. N. Lunn of Glendale avenue, Mr. and Mrs. Hal Davenport and family and the guest of honor.

MASS MEETING

There will be a meeting held at the K of P Hall, Saturday night, April the 26th., to discuss school matters. Mr. Clyde. R. Carmack is expected to give an address on "Facts and Figures" and will preside at the meeting. Mr. Carmack will speak from his experience as a school trustee.

Mrs. Winterburn will speak on the "Crowded Condition of the Schools" Mrs. T. C. Rice-Wray will discuss "Open Air Schools"

Mr. Irving C. Oliver and A. M. Watson will talk on "Locations for the Proposed Buildjng". Mrs. C. A. Barker, newly elected School Trustee will talk on soume subject to be selected by herself.

A general discussion will follow when all may express themselves on this subject.

The program as here given may be changed between now and Saturday as some of the speakers selected have not yet signified their willingness to talk on subjects assigned them. You had better come. Its important.

K. OF P. LODGE MAKES MERRY.

Knights of Pythias hall on the San Fernando road was crowded Monday evening with members of the local lodge and visiting members of the order. The affair was one of the most enjoyable affairs given by this lodge for a long time and those who were present say there was something doing every minute. The lodge conferred the rank of knight upon Paul Blye of Burbank. This makes the third person taken into the lodge during the month of April and there are eight applications which will be acted upon next month.

The principal feature of the evening was the drill by the Tropico lodge's drill team. This was the event in which the Tropico team contested for the Royer banner, for which all of the Knights of Pythias lodges of Los Angeles county are competing. The local boys who constitute the Tropico drill team are Messrs. Harry McAdams, Ed. Shuey, C. L. Laird, W. W. Dutton, George A. Dodson, Julius Moniot, H. G. Pettit, A. M. Watson, Jay Ledger, Ralph Robinson, Frank Booth, W. C. Wattles, Dave Lovell, Charles Jennings, W. G. Cressey, C. C. Hapgood, T. L. Gillispie, H. G. Van Meter, Wayne Frank, W. G. Hibbert and A. T. Davis.

The judges of the drill were Messrs. W. R. Myers of Highland Park, W. C. Garvis, Gardena, and S. A. Albright of Los Angeles.

A committee was present from the Miradero lodge of Glendale, the aim of their visit being the consolidation of the Tropico and the Glendale lodges.

Following the drill and other business of the evening one of those good banquets was served and at least 120 people sat down to this repast. This was one of those swell affairs for which the local lodge is noted and those present did some things to the many good things that were provided.

Mr. and Mrs. W. W. Curtis, prominent people of Hudson, Mass., are visiting Mr. and Mrs. C. C. Chandler, of 104 W. Cypress Avenue. The families are old friends, and it is to be hoped that Mr. and Mrs. Curtis can be prevailed upon to leave their land of ice, snow and slush and move to a real good country where life is one continuous joy.

There will be given a Social Dance at the Knights of Pythias Lodge at the K of P Hall, Thursday evening May 1st. A good time assured and every one cordially invited.

Whatever

the weather may be, says he, Whatever the weather may be, It's the song ye sing and the smiles Ye wear that's making the sunshine everywhere.

PASADENA, CAL.

SCHOOL NOTES.

A ball game was played Saturday afternoon at Alhambra between the two High Schools. Our school sent their band of ten pieces, which played during the game. This was the first game at which we have been represented with a band. A very interesting game was played which lead to another victory for Glendale High School by a score of 7 to 2. Brown, of Glendale, started the raising of our score by making a home run with two men on bases. After the game the band, followed by Glendale ball fans, "serpentined" on the ball field.

Saturday evening an "Indian Song Recital" was given in the High School Auditorium by Miss Nell Lockwood McCune, under the auspices of the musical section of the Tuesday Afternoon Club.

Miss Jennie Boring, winner of the High School oratorical contest held April 4th, will represent Glendale High School next Friday evening, April 25th, at Pasadena High School, where she will talk on "Child Labor."

Friday the Freshmen Stylus will be out, and it then will be seen as to what amount of editorial ability is contained among the Freshmen.

Friday afternoon the girls of the eighth grade, under the direction of their able domestic science teacher, Miss Grace Burnham, served a splendid five course dinner to the trustees and their wives, including the new member, Mrs. Chas. A. Barker. Mr. W. Olin Lowe, deputy county superintendent, and the eleven teachers of the Tropico school. In all 18 places were laid. Pink roses and white locust blossoms were used to bring out a very pleasing color. All was carefully done even to the place cards. Each girl was as busy as any housekeeper I ever saw preparing for her guests. All of which goes to show that our school is giving the boys and girls a practical education.

The pupils of the Tropico Grammar school will give a benefit entertainment in the school building on Friday evening of this week. The proceeds of the entertainment will go toward some section of the school work.

For Exchange

$3500—Ten acres of good level land near Burbank, pumping plant adjoining, fine for peaches, plums, melons, etc. Want good lot for $1000 equity. Balance easy.
$1750—$150 cash, 5-room California house.
$750—Close in lot. Terms.

HAPPENINGS

Frederick, the small son of Mr. and Mrs. E. B. Gleason, 650 E. Acacia, is recovering rapidly from his illness of the past month.

Mrs. Bancroft entertained Mrs. James Scott of Chicago and Mrs. L. D. Hill of Philadelphia with a dinner Tuesday at the home of her daughter, Mrs. H. E. Fry, 233 Cerritos avenue.

Dr. Reynolds and Dr. Miller of the Los Angeles College of Osteopathy, were visitors at the Marple home on Palmer avenue, Sunday afternoon.

The Thursday Afternoon Club will hold its next card party at the home of Mrs. W. E. Burk, 525 Central avenue, Friday evening May the 2rd.

Mrs. Scott of 315 Glendale avenue entertained Miss Francis St. Johns of Pasadena and Miss Ella Powers of Los Angeles, Sunday. Miss Francis St. Johns will sail for Paris Thursday, where she will be engaged from six months to a year studying music.

Mrs. J. H. Phillips of Orange is visiting her son and daughter-in-law, Mr. and Mrs. Chas. H. Phillips, of San Fernando road.

Mrs. Chas. P. Findley of 242 El Bonito avenue will entertain the You and I Club with a picnic, Friday afternoon, April 25.

Mrs. J. R. Maxwell, on Park avenue, is entertaining Mrs. George Riker of Mt. Morgan, Colo.; Mrs. Harry Horn of Hollywood, Mrs. George Boynton and daughter, Miss Minnie Boynton, of Los Angeles.

The Tropico Bridge Club met at the home of Mrs. Chas. A. Barker, 115 S. Glendale avenue, Tuesday afternoon. The head prize was awarded to Mrs. O. S. Richardson, which was a bon-bon dish of cut glass trimmed with gold.

Andy Stevenson, a realty dealer with offices at the corner of Brand boulevard and Maple street, reports the sale of a modern Swiss-chalet home of six rooms at the corner of Columbus avenue and Riverside drive to Mr. Van Oren of the Los Angeles Y. M. C. A.

The Good Templars Lodge which was organized in Glendale a short time ago, is experiencing an encouraging growth. Since the date of organization the membership of the society has doubled and new members are being enrolled at a rate of half a dozen each meeting night.

During the past week a number of the large eucalyptus trees along the south side of Moore avenue have been cut down preparatory to the street improvement work that will soon be started on that thoroughfare. Comparatively few of the trees now standing on Moore avenue will escape being taken away when the work of improving this street continues to its eastern end.

The Tropico Homestead Brotherhood of American Yeoman will give an entertainment at the Tropico Grammar School, Friday evening, April 25th. There will be songs by Mr. Francis Booth. Tableaus by the Yeoman, and Mrs. Wayland Brown will give several impersonations of her character sketches, and other specialties. A very interesting program is being prepared.

J. J. Burke has started the erection of a five-room Swiss-chalet house on Moore avenue just west of Dunbarton street. Of course this residence will be one of the classy style of homes for which this community is noted and the construction work will be rushed to completion. This builder will also start in a few days the construction work on a garage at the corner of Park avenue and Brand boulevard for C. H. Henry, owner of the new store building in that locality.

Miss Loraine Mitchell of Kenneth road, North Glendale, entertained the Myrth Club, Monday evening, with five hundred. Prizes were won by Miss Myrtle Pulliam and Mr. John Smalley. After delightful refreshments were served the crowd disbanded having spent a very pleasant and delightful evening.

Misses Myrtle and Emma Pulliam, 148 Kenwood street, entertained the Eladnelgs Club Thursday evening. The evening was spent playing five hundred and prizes were awarded to Miss Riffa Kinney and Mr. George Mitchell. The guests were Miss Hazel Wheatly and Mrs. Lusby of Los Angeles, Mr. Rex Chubbuck, Mr. Shiles Mitchell and Mr. John Smalley.

Mrs. C. M. Good of 875 Louise street, Glendale, entertained the Kensington Club Friday afternoon. The afternoon was spent in sewing, and in the evening a supper was given and their husbands came. The guests were Mr. and Mrs. John A. Logan, Mr. and Mrs. Frank B. McKenney, Mr. and Mrs. Herbert Smith, Mr. and Mrs. Chas. H. Phillips and Mr. and Mrs. Earl Clements.

Mrs. H. Normandy of 431 San Fernanda road, not knowing the building restrictions in the Richardson tract, recently commenced the erection of a small portable house, which caused some adverse comments in the neighborhood, but when Mrs. Normandy's attention was called to the fact that she was violating the restrictive clause of the neighborhood she readily promised to stop work on the building and to remove it. Mrs. Normandy wants it known that she is too attached to Tropico and has its welfare too much at heart to want to do the least thing that will be to its detriment.

Don't make up your mind too quick on the alien land law, which is unmistably aimed at the Japanese. There are two sides to the question and any number of different viewpoints. Such questions are for reaching and calls for sound judgment and real statesmanship. It is right to have an opinion and right to express it, but one should be informed before forming an opinion. Frankly, I will admit that I don't know. Do you? If you do and care to express your opinion in public, send me your article and it will be printed.

Mrs. Jacob Bernhart of Shelton, Neb., is a guest of the H. W. Meyers family on Central avenue.

At a meeting of Labolla Temple, No. 122, Thursday evening, Myra C. K. Shuey, P. C., was elected Grand Representative, and Jennie Rice, P. C., alternate, to the Grand Temple, to be held in San Diego, May 19.

Visor Lodge, No. 293, K. of P., elected as its Grand Representatives to Grand Lodge, Frank H. Davis and George A. Dodson.

Usually Tropico's city clerk is one of the jolliest of men and is most pleasant and agreeable but just at this time he stands to lose this reputation. Mrs. Street is away and S. M. is doing his own housekeeping. Be patient and forbearing with him—his trials are many.

About one-fourth of the 160 nice new seats, with which the auditorium of the First Presbyterian church of Tropico has been recently provided, were occupied at the morning service on Sunday last. Evidently the reputation of these seats for comfort has not gone very far abroad among "His people" or certainly this would not have happened.

The Social and Needle Club of Pythian Sisters met at the home of Mrs. George Marek Monday afternoon and proceeded to lay out a series of work for the summer, preparatory to holding a bazaar in the autumn. This club has a membership of forty.

The dance given by the Pacific Home Builders last Saturday evening complimentary to the Angelus Tract folk was greatly enjoyed by those present. The music was excellent for dancing and the Pacific Home Builders proved most hospitable hosts. During the evening considerable rivalry was engendered between A. E. Boyce and Albert Regali as to who was the most graceful dancer. It being impossible to settle this dispute it was decided by those present that another one of these little parties be given in the near future, at which further consideration should be given the contestants. Both Mr. Boyce and Mr. Regali agreed to this suggestion and each will go into training in the meantime. Louis Regali, Miss Lydia Perro, Harry Edwards and Miss May Regali are to be referees.

The convention of the Christian and Missionary Alliance which was held in the Baptist church of Glendale Friday, Saturday of last week, proved to be a well-attended and enthusiastic affair. At nearly every service the edifice was comfortably filled and at some of the sessions the church was not large enough to seat all of those who wished to attend. Rev. E. J. Richards, Rev. R. G. Eldridge, Rev. G. W. Davis and Rev. Robert E. Glover were the speakers of the convention. On Sunday morning and evening services more than $1,000 was subscribed by those in attendance for foreign missions. The delegates to the convention were delighted with this valley as a convention ground and they will doubtless come again.

Mrs. Mary Bowles, recently of Los Angeles, but now a resident of the southern portion of this city, has started in business in our city. Mrs. Bowle's special lines will be dry goods, gent's furnishings, shoes and variety goods. For the past twenty years Mrs. Bowles has been in this line of business in Los Angeles, and promises local patrons the best in this line. Mrs. Bowles is proprietor of the Tropico Dry Goods Company, 208 San Fernando road, which holds its opening today, Wednesday.

A party of young people from the Los Angeles Basket Factory enjoyed an auto trip to the "Big Tejunja," Saturday. They left at six o'clock in the evening with The ride was about twenty-five miles, where a stay to the following day was made. Early in the morning a few joined in a fishing party and were gone about an hour, when a noise was heard in the brush by Harvey Fishel, who ran out with his big six shooter, he thinking it was a deer going to water, and began to puff himself with pride after such a big and daring deed of catching two hold-up men, also the proud feeling over the fishermen who woke him from his sleep. As he came up close to the supposed deer it proved to be only a dehorned cow having strayed away. The cow began to bellow on seeing Fishel, and for a few minutes everything in camp was in an uproar. After breakfast was over the fishing party returned to camp with four little trout not as big as those which live in the Los Angeles river. The rest of the day was spent in climbing and picking flowers. The party arrived in Tropico in the evening and declared that they had had the time of their lives even if they did not catch any fish or kill a deer. The party consisted of Misses Lula Shafer, Betta Fishel, Thelma Teschner, Emma Wetzell, Jessie Fishel, Rose Dorschner; Messrs. Chas. Allen, Glen Rhodes, Harvey Fishel, Gepe Rhodes, Bill Wibelitz, Fay Gilmore and Mr. and Mrs. Roy Gilmore.

THURSDAY AFTERNOON CLUB.

The Thursday Afternoon Club met at the home of Mrs. Wesdey, 101 Central avenue, last Thursday afternoon, April 17th.

Mrs. Black and Mrs. H. E. Bowman, hostesses.

Mrs. Chas. A. Barker gave an interesting report on reciprocity day at Hollywood.

Miss Burnham gave an outline of the work in her department throughout the school year, showing the problems found in each garment, and how each step leads to the next. An attempt is made to give each girl judgment and skill in buying, cutting, fitting and making of garments.

Samples of muslins with names and prices are kept on hand that the girls may decide which is best material for the garment in question and why this material would be their choice. Small pieces of embroideries of different qualities are shown that a wiser choice may be made in buying. Samples of lace with names and prices are kept on hand. Discussion is given on suitability of materials and trimmings before new garment is made.

The increasing interest shown by the girls as the year's work progresses is always noticeable as the girl almost invariably shows a real love for the work when she has once gained a little confidence in her ability to do the work which is intuitive to most girls.

This work is elective throughout the course, but a large per cent of the girls choose this line of work, realizing the fact that her education will be incomplete if she is lacking in a knowledge of the art of homemaking.

Those who attended the social party given by the ladies of the Thursday Afternoon Club in the K. of P. hall last Saturday evening participated in a most enjoyable affair. The Social Committee of the Club had prepared a fine supper and between 40 and 50 availed themselves of this opportunity to eat supper. After supper the evening was spent in music and games. Mrs. Earl Clemens most agreeably played the piano and demonstrated that she was not only a splendid accompanist, but a sympathetic player with all the different games for which she played the vocal solos by Miss.

Mr. and Mrs. Wayland Brown gave several musical comedy sketches that called forth hearty and spontaneous applause and for an exhibition of real Chesterfieldian grace you should see Frank Peters in a game of the fox and geese.

Jas. Sidwell, of Boston, Mass., an old friend of Mr. C. C. Chandler, is visiting in Tropico. Mr. Sidwell is interested in some copper properties near Phoenix, Arizona, and is considering locating in Southern California, so as to be near his holdings. Of course, if he does he will locate in Tropico, for no one could think of moving anywhere else after seeing Tropico.

At about 8:30 o'clock Tuesday evening an unknown man, while walking across the high bridge on the Glendale-Tropico line was struck and killed. The body was taken to Los Angeles.

Announcement

I wish to announce to the people of the San Fernando valley that I am opening a plumbing establishment at the corner of Park avenue and Brand boulevard. I guarantee all my work and will give you courteous treatment.

CARD OF THANKS.

We sincerely thank our friends for their generous aid in contributing automobiles for our use and for their many acts of kindness during the illness and funeral of our husband and father.

Mrs. Hannah Bombard,
Mr. Winford Bombard.

NEW CLUB ORGANIZED.

On Tuesday evening was successfully organized a new club by the young men of Tropico. The club is to be known as the Tryome Club and the objects for which the club was organized is to furnish a means of having good, clean, wholesome fun by its members, and to encourage to a greater extent the "get together" spirit. At the organization the following charter members were enrolled: Robert Oliver, Ferdinand Rigali, E. Will Richardson, W. V. Frank, F. G. Stone, Bert Richardson, and Lorenzo Rifenberick.

By-laws and constitution were adopted and the following officers elected to serve for six months: Robert Oliver, President; Ferdinand Rigali, vice-president; E. Will Richardson, secretary and treasurer; and W. V. Frank, sergeant-at-arms. Weekly meetings will be held at the club rooms, 419 W. Tropico Avenue, every Tuesday evening, and the young men say that these meetings will be something different to the usual functions.

A special meeting has been called for Friday evening to arrange the club rooms and to make preparation for initiating new members, a number of whom it is understood desire to join.

WHY ALL THE FUSS?

Mr. Editor: If it be the fact in law, and we are instructed by the highest authority to believe it is, that "every treaty made by the authority of the United States is superior to the constitution and laws of any individual State," and that the Japanese are protected by treaty in each and every one of the rights accorded the people of other first class nationalities, why all the fuss over anti-alien legislation at Sacramento we hear about? Isn't there a lot of unnecessary disturbance over this matter?—N. C. Burch.

A CORRECTION.

On account of being misinformed the reporter of The Sentinel mentioned in last week's issue that W. G. Black had sold his interest in the real estate establishment located at the corner of Park avenue and Brand boulevard to the McAdams Bros. The part of the business which Mr. Black has disposed of is the local house and lot department. He will retain the insurance, loans and acreage part of his business.

NOTICE TO CREDITORS

Estate of George Barnett, deceased.

Notice is hereby given by the undersigned Executrix of the Estate of George Barnett, deceased, to the Creditors of, and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within four months after the first publication of this notice to the said Executrix at the office of her attorney, Henry G. Pettit, Room 912 California Building, corner of Second Street and Broadway, in the City of Los Angeles, County of Los Angeles.

Dated this 27th day of March, A. D. 1913.

CAROLINE BARNETT,
Executrix of the Estate of George Barnett, Deceased.
Henry G. Pettit, attorney for said estate.

NOTICE INVITING STREET WORK PROPOSALS.

Pursuant to Statutes, and to Resolution No. 128 of the Board of Trustees of the City of Tropico, California, adopted the 10th day of April, 1913, directing this notice, the undersigned invites, and will receive at his office in the City Hall, in the Bank of Tropico Building, located at the junction of Central avenue and San Fernando road in the City of Tropico, up to 7:00 o'clock P. M. of Thursday, May 1, 1913, sealed proposals or bids for the following street work to be done according to the plans and specifications posted and on file therefor adopted, or herein mentioned, to-wit:

First.—That all that portion of the roadway of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue including all street and alley intersections be graded, oiled and tamped in accordance with the plan and profile on file in the office of the City Engineer, and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Nine (9).

Second.—That a cement curb be constructed along each line of the roadway of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue, including returns at all street and alley intersections in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2).

Third.—That a cement sidewalk five (5) feet in width be constructed along both sides of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue in accordance with the specifications for the construction of cement sidewalks on file in the office of the City Clerk of the City of Tropico, said specifications being numbered One (1).

SECTION 2.—That all that portion of Moore Avenue from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201 of Miscellaneous records of Los Angeles County, California, including all street and alley intersections be graded, oiled and tamped in accordance with the plan and profile on file in the office of the City Engineer, and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Nine (9).

Second.—That a cement curb be constructed along each line of the roadway of Moore Avenue from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201 of Miscellaneous records of Los Angeles County, California, including returns at all street and alley intersections in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2), excepting along such portions of Moore Avenue upon which a cement curb has already been constructed to the official line and grade.

Third.—That a cement sidewalk Five (5) feet in width be constructed along both sides of Boynton Street from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201 of Miscellaneous records of Los Angeles County, California, including returns at all street intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered One (1), excepting that said sidewalk be omitted along such portions of Moore Avenue upon which a cement sidewalk five (5) feet in width has already been constructed to the official line and grade.

SECTION 3.—The Board of Trustees of the City of Tropico determines that serial bonds shall be issued to represent assessments of twenty-five dollars ($25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

Bidders must file with each proposal or bid a check payable to the order of the President of the Board of Trustees of the City of Tropico, California, as a guarantee that the bidder will purchase and pay for said bonds in accordance with his proposal in the event the bid is accepted.

The Board of Trustees of said City reserves the right to reject any and all bids or proposals.

By order of the Board of Trustees of the City of Tropico, made at a regular meeting of said Board, April 10, 1913.

S. M. STREET,
City Clerk of the City of Tropico.

RESOLUTION No. 128.

A Resolution of the Board of Trustees Ordering Certain Street Work to Be Done on a Portion of Boynton Street and a Portion of Moore Avenue.

The Board of Trustees of the City of Tropico do resolve as follows:

SECTION 1.—That the street work herein described is required by the public interest and convenience, and the Board of Trustees of the City of Tropico, State of California, hereby orders the same to be done, according to the specifications and plans adopted for said work, and under the direction and to the satisfaction of the Superintendent of Streets of said City, to-wit:

First.—That all that portion of the roadway of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue including all street and alley intersections be graded, oiled and tamped in accordance with the plan and profile on file in the office of the City Engineer, and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Nine (9).

Second.—That a cement curb be constructed along each line of the roadway of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue, including returns at all street and alley intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2).

Third.—That a cement sidewalk five (5) feet in width be constructed along both sides of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue in accordance with the specifications for the construction of cement sidewalks on file in the office of the City Clerk of the City of Tropico, said specifications being numbered One (1).

SECTION 2.—That all that portion of Moore Avenue from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201 of Miscellaneous records of Los Angeles County, California, including all street and alley intersections be graded, oiled and tamped in accordance with the plan and profile on file in the office of the City Engineer, and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Nine (9).

Second.—That a cement curb be constructed along each line of the roadway of Moore Avenue from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201 of Miscellaneous records of Los Angeles County, California, including returns at all street and alley intersections in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2), excepting along such portions of Moore Avenue upon which a cement curb has already been constructed to the official line and grade.

Third.—That a cement sidewalk Five (5) feet in width be constructed along both sides of Boynton Street from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201 of Miscellaneous records of Los Angeles County, California, including returns at all street intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered One (1), excepting that said sidewalk be omitted along such portions of Moore Avenue upon which a cement sidewalk five (5) feet in width has already been constructed to the official line and grade.

SECTION 3.—The Board of Trustees of the City of Tropico determines that serial bonds shall be issued to represent assessments of twenty-five dollars ($25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportions of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

Bidders must file with each proposal or bid a check payable to the order of the President of the Board of Trustees of the City of Tropico, California, as a guarantee that the bidder will purchase and pay for said bonds in accordance with his proposal in the event the bid is accepted.

The Board of Trustees of said City reserves the right to reject any and all bids or proposals.

By order of the Board of Trustees of the City of Tropico, made at a regular meeting of said Board, April 10, 1913.

S. M. STREET,
City Clerk of the City of Tropico.
April 16-23—2t

NOTICE OF SALE OF FIRE PROTECTION BONDS OF THE CITY OF TROPICO, CALIFORNIA.

Sealed proposals will be received by the City Clerk of the City of Tropico, California, until 7:30 o'clock p. m. of Thursday, May 1, 1913, to purchase Fire Protection Bonds of said City of Tropico in the amount of Twenty-five Thousand ($25,000.00) Dollars. Said bonds are forty-year serials and are forty in number, each in the denomination of Six Hundred and Twenty-five ($625.00) Dollars, dated April 1, 1913, and bearing interest at the rate of five per cent. per annum, payable semi-annually on the first day of October and the first day of April of every year, principal and interest payable in lawful money of the United States at the office of the City Treasurer of the City of Tropico.

One of said bonds is due and payable on the first day of April, 1914, and one of said bonds on the same day and date of each and every year thereafter.

Said bonds are issued under the authority of the act of the Legislature of the State of California, entitled "An Act Authorizing the Incurring of Indebtedness by Cities, Towns and Municipal Corporations for Municipal Improvements and Regulating the Acquisition, Construction or Completion Thereof," which became a law February 25, 1901, and the amendments thereto, and in accordance with the provisions of law and the ordinances of said City.

No proposals for said bonds will be entertained at less than their face value together with the accrued interest to the date of their delivery, and all bids or proposals submitted will be construed by the Board of Trustees of said City to mean par and accrued interest to the date of delivery of said bonds in addition to the premium offered, whether the bids or proposals set forth the same explicitly or not.

The said bonds will be ready for delivery on or about May 8, 1913, and will be delivered at the City Treasurer's office in the City of Tropico, California, or at any designated place upon the payment by the purchaser of all expenses incurred by the delivery of the bonds and transfer of the money necessary to make delivery and payment equivalent to a transaction at the office of the City Treasurer in the said City of Tropico.

All bids or proposals providing for delivery at any place other than the City of Tropico, California, will be construed by the Board of Trustees to mean the price bid in addition to the expenses of delivery, whether the bid or proposal set forth the same explicitly or not.

With each proposal or bid must be submitted a certified check drawn upon some bank in the State of California, payable to the order of the City Treasurer of the City of Tropico, for the sum of Five Hundred ($500.00) Dollars, as a guarantee that the bidder will purchase and pay for said bonds in accordance with his proposal in the event the bid is accepted.

The Board of Trustees of said City reserves the right to reject any and all bids or proposals.

By order of the Board of Trustees of the City of Tropico, made at a regular meeting of said Board, April 10, 1913.

S. M. STREET,
City Clerk of the City of Tropico.
April 16-23—2t

RESOLUTION No. 128.

A Resolution of the Board of Trustees Ordering Certain Street Work to Be Done on a Portion of Boynton Street and a Portion of Moore Avenue.

The Board of Trustees of the City of Tropico do resolve as follows:

SECTION 1.—That the street work herein described is required by the public interest and convenience, and the Board of Trustees of the City of Tropico, State of California, hereby orders the same to be done, according to the specifications and plans adopted for said work, and under the direction and to the satisfaction of the Superintendent of Streets of said City, to-wit:

First.—That all that portion of the roadway of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue including all street and alley intersections be graded, oiled and tamped in accordance with the plan and profile on file in the office of the City Engineer, and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Nine (9).

Second.—That a cement curb be constructed along each line of the roadway of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue, including returns at all street and alley intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2).

Third.—That a cement sidewalk five (5) feet in width be constructed along both sides of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue in accordance with the specifications for the construction of cement sidewalks on file in the office of the City Clerk of the City of Tropico, said specifications being numbered One (1).

SECTION 2.—That all that portion of Moore Avenue from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201 of Miscellaneous records of Los Angeles County, California, including all street and alley intersections be graded, oiled and tamped in accordance with the plan and profile on file in the office of the City Engineer, and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Nine (9).

Second.—That a cement curb be constructed along each line of the roadway of Moore Avenue from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201 of Miscellaneous records of Los Angeles County, California, including returns at all street and alley intersections in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2), excepting along such portions of Moore Avenue upon which a cement curb has already been constructed to the official line and grade.

Third.—That a cement sidewalk Five (5) feet in width be constructed along both sides of Boynton Street from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201 of Miscellaneous records of Los Angeles County, California, including returns at all street intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered One (1), excepting that said sidewalk be omitted along such portions of Moore Avenue upon which a cement sidewalk five (5) feet in width has already been constructed to the official line and grade.

SECTION 3.—The Board of Trustees of the City of Tropico determines that serial bonds shall be issued to represent assessments of twenty-five dollars ($25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportions of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

Bidders must file with each proposal or bid a check payable to the order of the President of the Board of Trustees of the City of Tropico, California, as a guarantee that the bidder will purchase and pay for said bonds in accordance with his proposal in the event the bid is accepted.

The Board of Trustees of said City reserves the right to reject any and all bids or proposals.

By order of the Board of Trustees of the City of Tropico, made at a regular meeting of said Board, April 10, 1913.

S. M. STREET,
City Clerk of the City of Tropico.
April 16-23—2t

NOTICE OF PUBLIC WORK

Notice is hereby given that the Board of Trustees of the City of Tropico, on the 13th day of February, 1913, did at its meeting on said day, adopt a Resolution of Intention No. 121, to order the following public work to be done, to-wit:

SECTION 1. To close up, vacate, and abandon for street and alley purposes all that certain alley extending West from Boynton Street to the West line of the Heide-Boynton Tract, as per map recorded in Book 12, Page 80 of Maps, records of Los Angeles County, California.

SECTION 2. That the exterior boundary of the district of land to be affected by said work of improvement and to be assessed to pay the damage, costs, and expenses, are hereby specified and declared to be as follows, to-wit:

Commencing at the Southwest corner of Boynton Street and Moore Avenue; thence Southerly along Boynton Street to the Southeast corner of Lot 5, Block B, of aforesaid Heide-Boynton Tract; thence Westerly along the Southerly line of said Lot 5 and the prolongation thereof to the Easterly line of Halstead Street; thence Northerly along said Easterly line of Halstead Street to the South line of Moore Avenue; thence East along the South line of Moore Avenue to the point of beginning. Excepting therefrom any portion of any public street or alley which may be included within said assessment district.

Reference is hereby made to said Resolution No. 121 for further particulars of said work.

J. L. FISHBACK,
Street Superintendent of the City of Tropico, California.
Dated April 2, 1913.
April 2-9-16-23—4t

NOTICE OF PUBLIC WORK

Notice is hereby given that the Board of Trustees of the City of Tropico, on the 23rd day of January, 1913, did at its meeting on said day, adopt a Resolution of Intention No. 119, to order the following public work to be done, to-wit:

SECTION 1. To close up, vacate and abandon for street purposes the East ten (10) feet of that portion of

BLANCHE AVENUE

lying North of the South line of the Ayers Tract as per map recorded in Book 8, Page 103 of Maps, records of Los Angeles County, California. Said prescribed portion of Blanche Avenue having previous to its dedication for street purposes been the East ten (10) feet of Lot 8, Block 2 of the aforedescribed Ayers Tract.

SECTION 2. That the exterior boundary of the district of land affected by said work of improvement and to be assessed to pay the damages, costs and expenses thereof are hereby specified and declared as follows, to-wit:

The exterior boundaries of all that certain territory including Lots 14 to 39 inclusive of Tract No. 314 as per map recorded in Book 14, Pabes 122-123 of Map Records of aforesaid Los Angeles County, excepting therefrom any portion of any public street or alley which may be included within the above mentioned assessment district.

Reference is hereby made to said Resolution No. 119 for further particulars of said work.

J. L. FISHBACK,
Street Superintendent of the City of Tropico, California.
Dated April 2, 1913.
April 2-9-16-23—4t

NOTICE INVITING STREET WORK PROPOSALS

Pursuant to Statutes, and to Resolution No. 126 of the Board of Trustees of the City of Tropico, California, adopted the 27th day of March, 1913, directing this notice, the undersigned invites, and will receive at his office in the City Hall, in the Bank of Tropico Building, located at the junction of Central avenue and San Ferdando road in the City of Tropico, up to 7 o'clock P. M. of Thursday, April 10, 1913, sealed proposals or bids for the following street work to be done according to the plans and specifications posted and on file therefor adopted, or herein mentioned, to-wit:

First. That all that portion of the roadway of

CERRITOS AVENUE

from the Westerly line of Glendale Avenue to a line drawn five (5) feet East from and parallel with the East line of Brand Boulevard, be graded, oiled and tamped, in accordance with the plan and profile on file in the office of the City Engineer and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Nine (9).

Second. That a cement curb be constructed along each line of the roadway of Cerritos Avenue from the Westerly line of Glendale Avenue to a line drawn five (5) feet East from and parallel with the East line of Brand Boulevard, including returns at all street and alley intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2), excepting that the outer or street face of said cement curb shall be placed sixteen (16) feet from the property line, instead of the distance specified in said specifications.

Third. That a cement sidewalk five (5) feet in width shall be constructed along both sides of Cerritos Avenue from the Westerly line of Glendale Avenue to a line drawn five (5) feet East from and parallel with the East line of Brand Boulevard, in accordance with the specifications for the construction of cement sidewalks on file in the office of the City Clerk of Tropico, said specifications being numbered One (1).

SECTION 2. The Board of Trustees of the City of Tropico determines that serial bonds shall be issued to represent assessments of twenty-five dollars ($25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the 2nd day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the 2nd day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

Bidders must file with each proposal or bid a check payable to the order of the President of the Board of Trustees of the City of Tropico, certified by a responsible Bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or a bond for the said amount, and so payable, signed by the bidder and two sureties who shall justify before any officer competent to administer oaths, for double the said amount, and over and above all statutory exemptions. In bidding, use blanks which will be furnished by the City Clerk upon application.

Tropico, California, April 2, 1913.

S. M. STREET,
City Clerk and Ex-officio Clerk of the Board of Trustees, of the City of Tropico, California.

NOTICE INVITING STREET WORK PROPOSALS

Pursuant to Statutes, and to Resolution No. 126 of the Board of Trustees of the City of Tropico, California, adopted the 27th day of March, 1913, directing this notice, the undersigned invites, and will receive at his office in the City Hall, in the Bank of Tropico Building, located at the junction of Central avenue and San Ferdando road in the City of Tropico, up to 7 o'clock P. M. of Thursday, April 10, 1913, sealed proposals or bids for the following street work to be done according to the plans and specifications posted and on file therefor adopted, or herein mentioned, to-wit:

First. That all that portion of the roadway of

CERRITOS AVENUE

from the Westerly line of Glendale Avenue to a line drawn five (5) feet East from and parallel with the East line of Brand Boulevard, be graded, oiled and tamped, in accordance with the plan and profile on file in the office of the City Engineer and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Nine (9).

Second. That a cement curb be constructed along each line of the roadway of Cerritos Avenue from the Westerly line of Glendale Avenue to a line drawn five (5) feet East from and parallel with the East line of Brand Boulevard, including returns at all street and alley intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2), excepting that the outer or street face of said cement curb shall be placed sixteen (16) feet from the property line, instead of the distance specified in said specifications.

Third. That a cement sidewalk five (5) feet in width shall be constructed along both sides of Cerritos Avenue from the Westerly line of Glendale Avenue to a line drawn five (5) feet East from and parallel with the East line of Brand Boulevard, in accordance with the specifications for the construction of cement sidewalks on file in the office of the City Clerk of Tropico, said specifications being numbered One (1).

SECTION 2. The Board of Trustees of the City of Tropico determines that serial bonds shall be issued to represent assessments of twenty-five dollars ($25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the 2nd day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the 2nd day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

Bidders must file with each proposal or bid a check payable to the order of the President of the Board of Trustees of the City of Tropico, certified by a responsible Bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or a bond for the said amount, and so payable, signed by the bidder and two sureties who shall justify before any officer competent to administer oaths, for double the said amount, and over and above all statutory exemptions. In bidding, use blanks which will be furnished by the City Clerk upon application.

Tropico, California, April 2, 1913.

S. M. STREET,
City Clerk and Ex-officio Clerk of the Board of Trustees, of the City of Tropico, California.

NOTICE OF PUBLIC WORK

Notice is hereby given that the Board of Trustees of the City of Tropico, on the 23rd day of January, 1913, did at its meeting on said day, adopt a Resolution of Intention No. 119, to order the following public work to be done, to-wit:

SECTION 1. To close up, vacate and abandon for street purposes the East ten (10) feet of that portion of

BLANCHE AVENUE

lying North of the South line of the Ayers Tract as per map recorded in Book 8, Page 103 of Maps, records of Los Angeles County, California. Said prescribed portion of Blanche Avenue having previous to its dedication for street purposes been the East ten (10) feet of Lot 8, Block 2 of the aforedescribed Ayers Tract.

SECTION 2. That the exterior boundary of the district of land affected by said work of improvement and to be assessed to pay the damages, costs and expenses thereof are hereby specified and declared as follows, to-wit:

The exterior boundaries of all that certain territory including Lots 14 to 39 inclusive of Tract No. 314 as per map recorded in Book 14, Pabes 122-123 of Map Records of aforesaid Los Angeles County, excepting therefrom any portion of any public street or alley which may be included within the above mentioned assessment district.

Reference is hereby made to said Resolution No. 119 for further particulars of said work.

J. L. FISHBACK,
Street Superintendent of the City of Tropico, California.
Dated April 2, 1913.
April 2-9-16-23—4t
